LIFE CHANGING

GREATER WICHITA YMCA. CELEBRATING 125 YEARS.

When one of my students discovered the STARS after school program at the YMCA, her habits at school completely changed.

It used to be that because her parents rarely checked on her homework, she never did it. However, she loves to swim at the Y and knows she might lose her spot on the activity bus if her assignments aren't completed. Now, homework gets turned in and her grades are improving.
