

1,758 lives changed through YMCA Summer Day Camps

100's of lives changed at school day out camps, when classes are not in session.

30 lives changed at an annual specialty camp for children who are hearing impaired.

Camp Hyde's goal is to raise \$30,000 to help provide these life-changing programs.

LIFECHANGING

.....
GREATER WICHITA YMCA. CELEBRATING 125 YEARS.

Our grandson did not have any friends and had problems interacting socially prior to attending camp. After two weeks, he made new friends.

He was also timid and fearful of trying new things, but that has changed. We cannot pinpoint exactly what factors in the Camp Hyde program caused the rapid changes in our grandson, but we can say the changes were major, and they occurred while attending your camp.

YMCA'S CAMP HYDE. DONATE TODAY.
